Mr Musk, Avé!

Will you kiss (little boba) feet of the green blat and it's lurking colony?
Wake up, Elon: if that was your son becomes the thing it is now, it's due to your flaws AND jewry degeneracy about Nature, Races, Civilization, Peoples, Nations, Family, Men & Women..!
Or are you from them so it's just an other ugly jewish farce, or a good $abbat slave goy..? And if you still wanna jew, so you be their prefect slave? In this case beware: for them it's "the best of them (slaves) kill it!*"..!
And please let the slave Thierry Breton, that have NO legality NOR legitimacy** turn and bark at the stake of its kike masters, give it a rotten bone to gnaw; it doesn't even deserve its name: a true Breton is not a mop! UE is not European: bet why this "jewish ADL CRIF LIC(((e)))RAcra european parliament" (same for "usa government")!

**You can read here a reply to your friend Mr Torba, explaining that the occupation republic in France, and so EU, have ZERO legality NOR legitimacy, even on its own rules, and how it tries to hide it..!

BTW, UK gov' has no more legitimacy since 1640 & Waterloo, USA by the FED and in Germany, it's still an occupation one from '45…
